

AXIS Q6125-LE

High-speed PTZ with OptimizedIR

AXIS Q6125-LE PTZ Network Camera offers discreet and unobtrusive surveillance. Its clever dome design effectively conceals the direction of the lens, and its integrated, automatically adaptable IR LED illumination enables surveillance in total darkness (up to 200 m (656 ft) or more depending on the scene). The camera provides full scene fidelity and sharp images both above and below the horizon thanks to Sharpdome technology. The speed dry function removes water drips from the dome, for clear images in rainy weather. AXIS Guard Suite analytics is included with the camera.

- > **HDTV 1080p and 30x zoom**
- > **Built-in IR LEDs with OptimizedIR**
- > **Sharpdome technology with speed dry function**
- > **WDR – forensic capture, Lightfinder and Zipstream**
- > **AXIS Guard Suite analytics included**
